**KELTRON**

## **Keltron Radio Network Installation Kit**

To facilitate efficient installation of a Keltron wireless network, Keltron offers an installation kit with all the equipment necessary to prepare, install and test the network.

### **Radio Network Installation Kit**

- Bird 43 Thruline wattmeter
- 5-watt 200-500 MHz standard element, optional 1-watt available.
- Two N male to BNC female adapters
- One TNC female to N male adapter
- One N female to N female adaptor
- 12-inch alligator-type jumper cable; 2 red, 2 black
- One RG-58 patch cable, 2' long with one N male and one BNC male connector
- One RG-58 patch cable, 2' long with two N male connectors
- One RG-58 patch cable, 2' long, with one N male and one TNC male connector
- Frequency scanner
- One 50 ohm load
- Carrying case - dimensions: 16.5" x 13" x 7", weight 9 lbs complete

Keltron develops and manufactures universally-compatible, UL listed life safety event management systems for the municipal and proprietary markets. Solutions include Ethernet signaling systems, active network radio systems, distributed multiplex systems, digital communicator/receiver systems, and direct wire systems. This document is not intended for installation or maintenance purposes. All specifications are subject to changes without notice.
